INTRODUCTION

This Guide describes in detail how athletes and teams can qualify for the Lima 2019 Parapan American Games in each of the 17 sports on the Games programme. It provides to the National Paralympic Committees (NPCs), to National Federations (NFs), to sports administrators, coaches and to the athletes themselves the conditions that allow participation in the most important Para event in the Americas.

The Guide presents:

- an overview of the Lima 2019 Parapan American Games Programme,
- the general IPC regulations on eligibility,
- the specific qualification criteria for each sport (in alphabetical order),
- a glossary of the terminology used throughout the document.

Structure of sport-specific qualification criteria

Each sport-specific section in this Guide follows a standardised format. Readers can quickly locate information or cross-reference it between sports. The standard structure of each sport-specific qualification criteria is as follows:

- Events
- Athlete Quotas
- Allocation of Qualification Slots
- Maximum Quota Allocation per NPC
- Athlete Eligibility (sport-specific)
- Maximum Entries per NPC
- Qualification System
- Timeline
- Confirmation Process of Allocated Slots
- Reallocation of Unused Qualification Slots
- International Federation (IF) Contact Information

Qualification Methods

There are a variety of qualification methods which the IFs may employ depending on the nature and traditions of each sport. The mix of qualification methods (listed below) within each sport shall respect the following principles:

- To ensure that the Americas' leading athletes receive the opportunity to perform at the highest level,
- to uphold the fundamental ethical concept of non-discrimination, and

- to ensure that sub-regional opportunities for qualification exist and that sub-regional distribution of qualification slots is justifiably based on elite performances and/or prevalence of a sport in a given sub-region.

In most sports the participation of the host country is guaranteed via reserved slots. However, athletes representing the host country still need to comply with all eligibility requirements in order to enter the Parapan American Games.

The following qualification methods based on performance may be used:

- Placement at World Championships
- Placement at Regional/Zonal Championships or Sub-Regional Games
- Placement in other IF sanctioned Competitions or designated Qualifiers
- Rank on a World or Regional Ranking List
- Rank on a specific Parapan American Qualification Ranking List
- Achievement of a Minimum Qualification Standard (MQS) with or without subsequent Quota Allocation Formula
- Bipartite Invitations (see page 8 of this section).

In addition, a small number of Universality Wild Cards will be awarded at the discretion of the IPC to athletes representing NPCs who have not been able to achieve entry into the Parapan American Games via the above qualification methods (see page 9 of this section).

LIMA 2019 PARAPAN AMERICAN PROGRAMME OVERVIEW

The Parapan American Games represent an international, multi-sport competition for athletes with an impairment that reflects the highest standards of athletic excellence and diversity. The goal of the Parapan American Games Programme is to provide exciting events in the Parapan American Games that allow athletes from the Americas to achieve competitive excellence while engaging and entertaining spectators. To ensure this for the Lima 2019 Parapan American Games, the IPC and the Americas Paralympic Committee (APC) conducted its quadrennial review process that determined the inclusion and positioning of sports, disciplines and medal events within the Parapan American Games based on established core characteristics and guiding principles.

Core Characteristics and Guiding Principles

The Core Characteristics and Guiding Principles of the Paralympic Sports Programme are as follows:

QUALITY: The essential principles with respect to grade of excellence and accomplishment.

High Performance – Representing the highest athlete performances in the context of the specific sport.

Exciting – Providing a vibrant and energising atmosphere that is entertaining in the context of each sport, yet creates a collective motivational atmosphere that is attractive to spectators and media.

Inspirational – Creating a distinct opportunity for personal experience/reflection that acts as a catalyst for change through showcasing the extraordinary perseverance of the human spirit through athleticism.

Fair Play – Driving collective values of the IPC ensuring that the spirit of fair play prevails, that the health risks of athletes are managed, that fundamental ethical principles are upheld, that prejudice and discrimination are not tolerated and that all forms of cheating are discouraged and dealt with sternly.

QUANTITY: The principles that ensure viable sports, disciplines and medal events within a sustainable programme.

Viable – Ensuring operational and programmatic capability in the context of the IPC/APC's obligations vis-a-vis the Pan American Sports Organisation (PASO) and considering the impact on the Local Organising Committee of the Pan and Parapan American Games (LOC) - eg, financially, cost effective, manageable, number of training and competition venues, safety, risk management.

Sustainable – Ensuring a stable programme that allows forecasting, ongoing evaluation and dynamic evolution of each sport.

UNIVERSALITY: The collective principles that ensure and reflect a diverse movement.

Equitable – Ensuring that gender representation and the type and extent of impairments represented at the Games are taken as a fundamental factor in the composition of the programme.

Regional – Establishing a framework that strives to ensure representation from across the entire Americas region at the Games.

Balance – Weighing and positioning the types of sports and athletes included based on the nature of the sports/disciplines - eg, individual versus team; power versus precision; speed versus endurance, combat versus artistic.

GENERAL IPC REGULATIONS ON ELIGIBILITY

In addition to each IF's sport-specific athlete eligibility criteria the IPC has established a set of general eligibility criteria that apply to all participants in the Parapan American Games. These general regulations are derived from the IPC Handbook. They ensure that the fundamental rights and obligations of the IPC and its membership are recognised and protected. The General IPC Regulations on Eligibility are as follows:

IPC Membership

Only NPCs in good standing with the IPC may enter duly qualified and eligible athletes in the Lima 2019 Parapan American Games. NPCs are reminded that NFs must ensure that their membership with their sport's respective IF is in good standing during the qualification period and upon close of sport entries to the Parapan American Games so their athletes may participate.

Compliance with IPC Policy on the Nationality of Competitors

Any athlete in the Parapan American Games must be a national of the country/territory of the NPC entering him/her and in compliance with the provisions of the IPC Policy on the Nationality of Competitors as published in the IPC Handbook (Section 2, Chapter 3.1).

Minimum Age Requirement

No minimum age limit for athletes competing in the Parapan American Games is stipulated by the IPC on a general basis. However, NPCs should note that an age limit may be established by some IFs through sport-specific athlete eligibility criteria. While the Parapan American Games welcomes the world's youth with an impairment, NPCs are encouraged to send to the Parapan American Games only athletes adequately prepared for high performance competition.

Understanding and Agreeing to the IPC Conditions of Participation Agreements (formerly known as Eligibility Code Forms)

All athletes and other participants listed in both the IF and NPC categories (as defined in the Accreditation Guide for the Parapan American Games) must agree to the terms of the IPC Conditions of Participation Agreement to be eligible to participate in the Parapan American Games. Failure to fully complete and sign the IPC Conditions of Participation Agreement will result in that person not being eligible to participate in the Parapan American Games.

If a person is considered a minor according to that person's national laws at the time of the accreditation submission deadline, parental or legal guardian consent will be required.

If a person lacks legal capacity according to that person's national laws by the time of the accreditation submission deadline, legal guardian consent will be required.

NPC Selection Standards

The IPC recognises and respects the right of NPCs to establish national selection standards for determining an athlete's or team's qualification to compete in the Parapan American Games. Such standards must be compliant with those established by the IPC as well as with each respective IF's terms and dates of confirmation and the administrative deadlines of the LOC. All athletes and teams are equally subject to their respective NPC's selection standards.

Compliance with Classification Rules

Only athletes that meet the sport-specific classification criteria and have a designated classification status will be eligible for entry in the Lima 2019 Parapan American Games. It is the responsibility of each NPC to ensure that its athletes have been determined to have an Eligible Impairment prior to entry and that each athlete holds a sport class status that complies with the sport's eligibility requirements as published in this Guide.

BIPARTITE COMMISSION INVITATIONS

As in previous Parapan American Games, the IPC has worked with the IFs to develop qualification methods which allow the top athletes in each sport to compete in the Games, but which also respect the Parapan American Games Guiding Principles. The Core Characteristics of quality, quantity and universality that structure the Guiding Principles are fundamental and leading aspects in the IPC's and IFs' aim to deliver great competition at the Games.

While the primary method in which the Guiding Principles are respected is through the standard qualification methods, the IPC and certain IFs have also sought to provide targeted qualification slot allocations through the Bipartite Commission Invitation Allocation method. These invitations are included in the overall athlete quotas of the relevant sports. Invitations are granted on a discretionary basis by the IPC and the respective IF and are typically allocated based on the following principles:

- to ensure participation of top athletes who may have not had the opportunity to formally qualify through other methods due to extraordinary circumstances;
- to ensure the representation of athletes with high support needs;
- to ensure medal events will have sufficient representation for viability; and
- to enable greater representation by gender.

The following sports offer Bipartite Commission Invitation slots:

Para athletics, Badminton, Boccia, Cycling, Judo, Para powerlifting, Shooting para sport, Para swimming, Table Tennis, Taekwondo, Wheelchair Tennis.

Timelines and Application Procedures:

Each IF offering Bipartite Commission Invitation slots has established its individual timeline for submission and acceptance of Bipartite Commission Invitation applications. Please refer to the respective section in each sport's chapter of this Guide. All Bipartite Commission Invitation decisions are final with no opportunity for protest or appeal.

REDISTRIBUTION OF VACANT QUALIFICATION SLOTS

Each IF confirms in writing to the NPCs the allocation of qualification slots their teams and athletes have obtained. The NPCs then must confirm acceptance of their allocated slots by the deadline established in each sport's chapter of this Guide. Any qualification slots not used by an NPC will be reallocated according to the method outlined in the respective sport's chapter of this Guide. Qualification slots that cannot be reallocated by the established deadlines or become vacant (following the deadline for final sport entries) may be redistributed at the sole discretion of the IPC to any sport on the programme. All redistribution decisions are final with no opportunity for protest or appeal.

UNIVERSALITY WILD CARDS

In each edition of the Parapan American Games, the IPC institutes a slot allocation method to uphold the Universality principle and to ensure representation of a maximum number of eligible member NPCs. This slot allocation is called Universality Wild Card (UWC) method and is by invitation only. No athlete and no NPC is entitled to receiving a UWC. All UWC decisions are final with no opportunity for protest or appeal.

Such invitations may be extended if an NPC has been unable to qualify athletes in any of the 17 sports on the programme or if an NPC has obtained only one (1) qualification slot. The UWC slot is allocated to the individual athlete, not to the respective NPC. If an NPC qualifies athletes via the regular qualification pathways after one of their athletes has been granted a UWC, the UWC is revoked and the properly qualified athlete obtains the slot.

UWC slots fall outside the athlete quotas published in this Guide. For the Lima 2019 Parapan American Games the IPC will consider granting UWCs in the following sports:

- Para athletics
- Para swimming

A maximum of one (1) male UWC slot and one (1) female UWC slot may be granted if an NPC has not obtained any qualification slot otherwise. NPCs who have obtained only one (1) qualification slot (irrespective of gender) may be given one (1) female UWC slot in addition.

Criteria for Consideration

In order to be considered for a UWC athletes must meet the following conditions:

- comply with the General IPC Regulations on Eligibility as published in this Guide;
- comply with the Athlete Eligibility Criteria for their respective sport as published in this Guide. This entails meeting all requirements for licensing and classification at the time the UWC is awarded; and
- be on the “Accreditation Long List” as described under Key Dates below.

Athletes who do not meet these criteria will not be considered for a UWC.

The IPC/APC reserves the right to award a UWC under exceptional circumstances irrespective of the above criteria and in any sport.

Application Process

The IPC will announce the UWC application process one (1) year prior to the Lima 2019 Parapan American Games.

KEY DATES

The following dates and deadlines have been established by the IPC and the Lima 2019 Organising Committee and need to be observed across all sports on the programme:

Start of Qualification Period: 1 August 2017

Each IF may determine their own qualification period during which athletes and teams can attain results and rankings that count towards qualification for the Lima 2019 Parapan American Games. No IF may establish a qualification period that begins prior to 1 August 2017. All qualifying results must be achieved during the respective sport’s qualification period. Results and rankings achieved prior to August 2017 may not be considered for qualification towards the Lima 2019 Parapan American Games. If a sport maintains a ranking list which – by the end of their qualification period - incorporates results achieved prior to August 2017 a separate ranking list needs to be established for the purpose of Parapan American Games qualification. Participation in a competition during the qualification period may depend on results achieved prior to the beginning of the respective sport’s qualification period.

Accreditation Deadline: 30 April 2019

NPCs must submit to the Lima 2019 Organising Committee complete information about every potential delegation member whom they consider sending to the Games. This “Accreditation Long List” includes athletes (duly qualified, replacements, substitutes, Bipartite candidates, Universality Wild Card candidates etc.), competition assistants (guide runners, tandem pilots, goalkeepers, Boccia assistants), coaches, team physicians, administrators, physiotherapists, caretakers, press attachés, Paralympic attachés and Chefs de Mission – along with NPC Presidents, Secretaries General and accompanying guests. Only athletes who are accredited by 30 April 2019 can be entered into the Games by the sport entries deadline (see below).

Sport Entries Deadline: 31 July 2019

Sport Entries is the official registration process for athletes selected and qualified to participate in the Parapan American Games. Any athlete an NPC may choose to enter must meet all eligibility criteria by the time the entry is made. The athlete also has to be on the “Accreditation Long List” (see previous section). The last possible day to meet the eligibility criteria is 31 July 2019. Sport Entries will close at 23:59h, Lima time, on 31 July 2019.

Athlete and Team Eligibility

To be eligible for individual event(s) entry, an athlete must:

- hold an active World Para Athletes Licence for the 2019 season;
- have achieved a Minimum Entry Standard (MES) at an World Para Athletics Recognised Competition for an event from the published event programme between 01 January 2018 and 22 July 2019 in accordance with the IPC Athlete Licensing Programme Policies valid for the 2018-2019 seasons; or
- have been allocated an Bipartite Commission Invitation slot.

Athletes with Sport Class Status C (Confirmed), R (Review) or New (N) are allowed for entry provided they meet the above eligibility criteria.

An NPC may enter a Mixed Relay team provided that the team is comprised of athletes already entered into an individual event and the composition of the team meets the relevant World Para Athletics competition rules. No MES is required for the Mixed Relay.

A qualification slot is allocated to the NPC and not to the individual athlete. In case of a Bipartite Commission Invitation the slot is allocated to the individual athlete and not to the NPC.

Maximum Entry per NPC

An NPC can enter a maximum of sixty (60) athletes with no more than thirty-five (35) male athletes and twenty-five (25) female athletes.

NPCs can enter a maximum of three (3) eligible athletes per medal event.

NPCs can enter a maximum of one (1) team in each relay event.

NPCs may enter an eligible athlete in an unlimited number of events as long as the athlete has met the Minimum Entry Standard in one of the events for which the athlete is to be entered.
